

## Our Mission

Pangaea Exploration believe that the depth and complexity of the threats to our oceans is significant but practical solutions and the resources to implement them do still exist. The central challenge is our collective will to act, to care. We believe our ultimate success depends on a future generation of inspired conservationists. We strive to:

- 1) Actively strengthen the health of marine life through Exploration, Conservation and Educational work;
- 2) Inspire and develop a new generation of leaders in conservation, science, communication, education, art and policy leadership;
- 3) Provide information and enjoyable ocean sailing expeditions to guest crew, creating personal connections with the oceans and like-minded people.

Pangaea Exploration has been teaching people to sail, facilitating research trips and contributing to ocean knowledge since 2010. Our vessel, Sea Dragon, is perfectly designed for beginners to professional sailors, and the perfect platform for research expeditions.

Your team would have access to lab facilities on board, dive gear and trawling equipment. We can tailor the trip to your exact requirements to make this the perfect research expedition.

"Sea Dragon was an excellent platform for conducting our work and we couldn't have had a better crew."

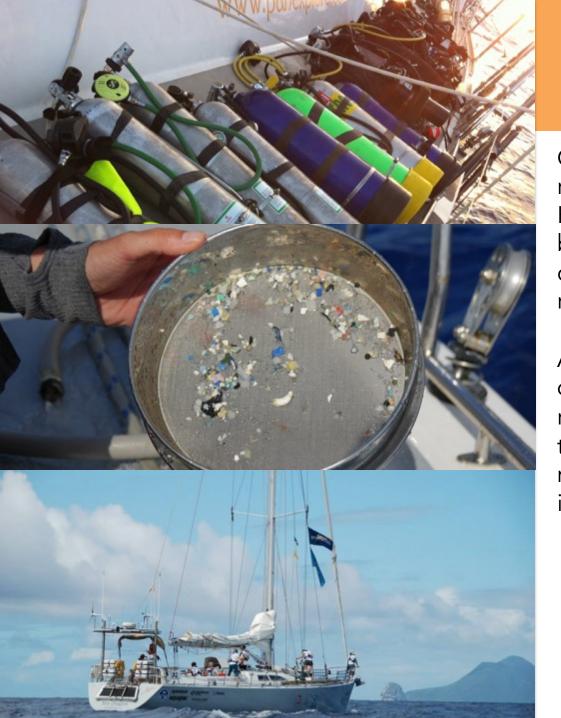

- Liz Drenkard, Woods Hole Oceanographic Institute

## WHY COME SAILING WITH US?

- 8 years of experience teaching people to sail, acting as a platform for researchers, organizations and people wanting to contribute to solving world ocean issues;
   Our 72-foot sailing vessel Sea Dragon is designed for beginner sailors with a guest crew capacity of 12;
- It is the perfect platform for a diverse range of research- with lab space, dive gear & trawling capacity;
- We provide highly experienced crew Skipper, First
   Mate and Deckhand on all expeditions;
- Offshore Medical Support provided on all trips;
- If you'd like to mission lead an expedition, we provide administrative support for you and your team you will work directly with Pangaea staff to plan your adventure to be the trip of a lifetime;
  - Immersive experience encouraging teamwork, leadership skills, communication, research, and more; We provide extensive knowledge and assistance in making your trip happen!
